(EKIP)**

AND

**THE AUDIOVISUAL MEDIA AUTHORITY
OF THE REPUBLIC OF ALBANIA
(AMA)**

The Agency for Electronic Communications and Postal Services of Montenegro (EKIP) and the Audiovisual Media Authority of the Republic of Albania (AMA),

hereinafter referred to as “the Parties”,

DESIRING to create favourable conditions for further promotion of the activities and friendly relations between the Parties,

RECOGNISING the importance of growth of electronic communications sector and audiovisual media sector and their influence on the economic development of each country,

TAKING INTO CONSIDERATION significance of effective regulation of electronic communications sector and audiovisual media sector,

BEING CONVINCED that this Memorandum of Understanding may contribute to further development of understanding between Montenegro and the Republic of Albania, and provide support with respect to the development of electronic communications sector and audiovisual media sector, the Parties sign this Memorandum of Understanding in the fields of electronic communications and audiovisual media.

PURPOSE of this Memorandum is to facilitate cooperation in the area of electronic communications and audiovisual media through the support and application of joint measures, exchange of information and experiences in regulation and management of radio frequency spectrum within the scope of the competences of the Parties.

Scope of Cooperation

In line with rapid progress in electronic communications sector and audiovisual media sector, the following cooperation areas can be determined upon mutual consent of the Parties declaring hereby their intention to implement the following:

- to take all the possible measures in order to facilitate the development of electronic communications sector and audiovisual media sector in the countries of the Parties;
- to facilitate the development of high quality electronic communications and audiovisual media services;
- to exchange information on special strategies, plans and mechanisms of an active cooperation within the framework of joint projects in the field of radio frequency spectrum management intended for radio broadcasting services;
- to maintain mutual consultations, if consider it appropriate;

- to provide appropriate specialists and experts and make the arrangements for joint meetings, seminars, workshops and symposia in the field of radio frequency spectrum management intended for radio broadcasting services, including efficient use of radio frequencies by broadcasting emitters and providers of audio visual media services, coordination of the use of radio frequencies intended for radio broadcasting services, efficiency in resolving the problem of harmful interferences caused by broadcasting emitters and by providers of audio visual media services.

The Parties may continue mutual dialogue in order to create, within their spheres of activities, favourable conditions for further development of understanding between both National Regulatory Authorities – the Agency for Electronic Communications and Postal Services of Montenegro (EKIP) and the Audiovisual Media Authority of the Republic of Albania (AMA).

Good Will

This agreement is a sign of good will of the Parties and has no legally binding character.

Language of the Memorandum

This agreement will be signed in four identical copies in English language, where each party will keep two copies.
